PLACEMENT TESTING – Postsecondary Education Readiness Test (PERT)

Appropriate course placement is critical for academic success. Accordingly, placement scores are required as part of the Collegiate High School admissions process. In addition, to ensure proper placement in college courses, the Florida Department of Education requires that first-time-in-college students who intend to enter degree programs will be tested prior to initial registration. College policy mandates that placement testing requirements be met prior to enrollment in any Gordon Rule course or class for which a Gordon Rule course is a prerequisite. Appropriate placement scores are also a requirement for eligibility into the NWFSC Dual Enrollment Program.

Students who need to take PERT should take the test at the earliest possible date. Photo ID is required.

Frequently Asked Questions

Q: What are the minimum scores required for enrollment in college credit courses?

A: College level scores for the ACT, SAT, and the PERT are:

ACT: 17 English; 19 Math; 19 Reading

SAT: 440 Verbal; 440 Math

PERT: 106 Reading; 103 Writing; 114 Algebra

If a student has valid scores from the ACT, SAT, and/or PERT, the highest subtest score from each test will be used to determine placement levels.

Q: Who needs to take the PERT?

A: If your ACT or SAT scores place you in college-level coursework in Reading, English, and Math, then you are exempt from taking the PERT. (See score levels above.) However, if any of your scores are below college-level, you must take the PERT for that sub-test.

Q: How can I prepare for the PERT?

A: The PERT tests basic skills in reading comprehension, English sentence skills, and elementary algebra. To prepare for the PERT, please visit

http://www.nwfsc.edu/testing/PERT/PERT_study_resources.cfm, www.khanacademy.org and www.ACT.org for study resources.

Q: Can I retake all or part of the test to raise my scores?

Yes, you may retake all or part of the test. However, the State Board of Education approved an amendment to Rule 6A-10.0315, College Preparatory Testing, Placement and Instruction on May 21, 2013. The revisions become effective June 27, 2013. The restriction on the allowed number of testing attempts for high school and postsecondary students has been removed. **NWFSC policy states students may retest after 7 days.**

Q: What do I need to bring to the testing session?

A: A photo ID such as a Florida driver's license, Florida identification card issued to non-drivers, school ID, military ID, or passport is required. A school yearbook with picture and printed name can also be accepted as a form of photo ID. All testing supplies are furnished. **Do not bring cell phones to the test.** Personal calculators are **NOT** allowed during the test.

Q: How long is the PERT?

A: PERT is untimed. There are three subtests: Reading, Writing and Math. Most examinees finish the test in 2-3 hours. It is not required to take all three parts on the same day.

Q: I have already taken and passed the PERT at my high school? Do I need to retake the test?

A: You can have your scores sent to NWFSC on official school letterhead or on an official electronic transcript. If you are a dual enrollment student, NWFSC can accept your scores on the official dual enrollment form signed by your guidance counselor. NWFSC does not have access to the scores on the high school PERT database.

Q: When will I receive my scores?

A: You will receive a printout of your PERT test scores upon completion of the test.

Q: How do I know if my ACT/SAT tests scores are on file?

A: If you have taken the ACT or SAT exam within the last two years in the State of Florida your scores will be electronically retrieved once your admission application to NWFSC has been processed. ACT/SAT scores are also posted on Florida high school transcripts. You may also request scores from ACT or SAT using the contact information listed below.

COLLEGIATE HIGH SCHOOL at NWFSC

OFFICIAL TRANSCRIPTS

Official student transcripts will be used to verify student grade level for the charter school admissions process. Students must be ready to enter the 10th, 11th or 12th grades to be eligible for admission to the charter high school. Transcripts will also be used in the advising process to assist in program planning and to verify progress toward high school graduation requirements. Credits validated through an official school transcript may be transferred to the Collegiate High School at NWFSC and may then appear on the student's permanent record at the charter school. In general, credits earned at a regionally accredited secondary school may be transferred to the Collegiate High School at NWFSC. Credits earned at non-accredited secondary schools *may* require additional documentation or review prior to acceptance.

Requesting Official Transcripts

You will need to contact the Guidance Department at your high school to request an official high school transcript.

As grades for the spring semester will not yet be available, a mid-year transcript which indicates current course enrollments is necessary for the admission process. Alternatively, a mid-year transcript and other official notification of current course enrollments (e.g. written notification on school letterhead signed by a school official) are acceptable. Please note that *admitted* students will be required to submit a second transcript at the close of the 2016-2017 school year to confirm credits earned, and in the case of students admitted as collegiate qualified, the maintenance of the unweighted 3.0 gpa during the Spring semester.

Submission of Official Transcripts

An official transcript must carry the seal of the school and must be received by one of the following methods.

1. Delivered to the Collegiate High School at NWFSC Office in an unopened envelope sealed by the issuing school (preferred method).
2. Mailed by the issuing school directly to the office of the Collegiate High School at NWFSC

Hand delivery is recommended as timely receipt by mail cannot be guaranteed.

Home Schooled Students

Home schooled students who have transcript verification of any secondary course credits should submit such according to the guidelines above. If the home schooled student has no transcribed credits at the secondary level, arrangements must be made for additional assessment of credits. Dual enrollment courses taken by home-educated students may be used to meet grade level credit requirements for graduation and grade level placement for enrollment eligibility. Dual enrollment credits must be verified with an official college transcript to accompany the application. Review the following page of information and call 729-4949 with questions. Acceptance of home schooled students is pending verification of credits earned if necessary and should be completed prior to the first day of school.

COLLEGIATE HIGH SCHOOL at NWFSC

APPLICATION CONSIDERATIONS FOR HOME EDUCATED STUDENTS

Home schooled students must meet the same admissions requirements as public and private school students. However the determination of grade level and GPA for admission to the two charter high school programs may require alternate forms of verification and documentation.

Placement Testing

Placement testing requirements are the same for public, private and home schooled students. See previous section on placement testing.

Achievement/Standardized Test Scores

Official documentation of scores from the most recent standardized achievement test(s) completed by the home schooled student should be submitted. Achievement scores may be used to help validate grade level.

Transcripts

Official transcripts should be submitted for all public or private school work completed, even if the work is not at the ninth grade level or above.

If the home schooled student is participating in a home school correspondence program or another transcribing/credit-granting entity, official transcripts should be submitted from that source. In cases where official transcripts are available only at year-end, a mid-year transcript may be submitted or a transcript for the most recent year completed plus verification of current course enrollments.

If the home schooled student has taken any dual enrollment or concurrent classes at NWFSC or elsewhere, official transcripts for college course work should also be submitted.

If the student is not associated with any credit-granting schools, colleges, or agencies, a portfolio evaluation and/or test scores from any standardized testing completed by the student may be necessary to determine grade level. If this situation applies, call the Collegiate High School Office at 729-4949 immediately for assistance. Credits earned outside of credit-granting schools or agencies will be held in "escrow" until a student satisfactorily complete the next level of a course sequence or similar course.

Grade Point Average

If the home schooled student provides a transcript with percentage achievement instead of traditional course grades, percents will be translated to grades for computation of a student GPA. Per guidelines in the NWFSC personnel Handbook, grades will be determined according to the following percentage ranges.

Percentage Range	Grade	Quality Points for GPA
95 – 100	A	4
88 – 94	B	3
70 – 87	C	2
60 – 69	D	1
0 – 59	F	0

Immunization Requirements for Entrance

If your child is not currently enrolled in a Florida public school please provide, per Florida Statutes, at least one of the following certificates (available through the Health Department):

- A. Certificate of immunization for poliomyelitis, diphtheria, rubeola, pertussis, tetanus and mumps
(HRS Form: HRS H3040, or HRS 680A, or PD 137, or MCH 304-B)
